

# IMPORTANT ANNOUNCEMENT

## How to Help Defeat the Cuts to the Safety Net !

We need your help and the help of your friends, relatives and colleagues this week in writing, phoning, faxing and emailing key politicians and opinion leaders and telling them why you believe the safety net should not be cut. This week because it is the last sitting week of Parliament before the budget session and the last time we have a chance before then to force our politicians to deal with the issue before it could become a fact. We need to act fast.

We have assembled a list of the key contacts who we would encourage you, your relatives and friends to contact by email, fax and mail promptly to let them know your views about the proposal being floated by the government in the media to restrict access to the safety net by means testing or the withdrawal of eligibility for some services such as IVF.
